Kim Scott, M.S., CCC-SLP is a certified and licensed Speech Pathologist. Kim dedicates herself to ensure high-quality, personalized speech-language services for all of her families. She has over 10 years experience, specializing in early intervention. She is fluent in Sign Language (Signed English) and has experience serving children with Autism, Apraxia, Phonological Disorders, Pragmatic Groups, Speech Delay, Tongue Thrust (certified MFT), Articulation, Asperger's Syndrome, Alternative and Augmentative Communication and a variety of other speech and language impairments. Kim is passionate about her work and is dedicated to ensure that families will receive a high standard of personalized and professional care.

Her mission is to educate and train parents and caretakers to take an active role in their child's speech and language development. Speech Therapy 101 offers complimentary DVD’s as an innovated new approach to speech therapy. A personalized DVD will be created for your family, which will allow you to see into the mind of the therapist and learn new techniques and strategies tailored to your child's needs. DVD's contain recorded speech therapy sessions of your child and the therapist. DVD’s play an essential role in educating caretakers, teachers, therapists, and other family members to help carryover goals into the child’s
natural environment. Video-taping remains optional.
